(57) **CLAIM**

The ornamental design for a mobile phone, as shown and described.

DESCRIPTION

FIG. 1 is a perspective view of a mobile phone showing my new design and in a first configuration;

FIG. 2 is a front elevational view of the new design and in the first configuration;

FIG. 3 is a rear elevational view of the new design and in the first configuration;

FIG. 4 is a left side elevational view of the new design and in the first configuration;

FIG. 5 is a right side elevational view of the new design and in the first configuration;

FIG. 6 is a top plan view of the new design and in the first configuration;

FIG. 7 is a bottom plan view of the new design and in the first configuration;

FIG. 8 is a perspective view of the mobile phone of FIG. 1 in a second configuration;

FIG. 9 is a front elevational view of the new design and in the second configuration;

FIG. 10 is a rear elevational view of the new design and in the second configuration;

FIG. 11 is a left side elevational view of the new design and in the second configuration;

FIG. 12 is a right side elevational view of the new design and in the second configuration;

FIG. 13 is a top plan view of the new design and in the second configuration; and,

FIG. 14 is a bottom plan view of the new design and in the second configuration.

The broken lines shown throughout the views, which are immediately adjacent to the shaded areas and define unshaded regions, represent the bounds of the claimed design, while all other broken lines are directed to environment and are for illustrative purposes only; the broken lines form no part of the claimed design.
